

Happy There

Written by Amanda Walther

Morning to moon
With you making the brew
And I'll make the bread
We could be happy there
We could happy anywhere

To tell you the truth
All I need is a roof
Over my head
And I could be happy there
I could be happy anywhere

We could be happy there
We could happy anywhere
We could be happy there
We could happy anywhere

I don't have a lot
And I don't have much money
But I love what I've got
As long as you're beside me
So let's find a spot
Where I can call you honey

(additional verse not recorded)

When I'm with you
All the skies are so blue
Over my head
And I am happy there
I could be happy anywhere

To tell you the truth
I knew it was true love
From the start
And I will be happy there
I could be happy anywhere
