

# I Will Be The Light

Written by Amanda Walther

I will be the light  
Here when you need me  
Any day or night  
I will love you completely  
I can see your heart  
It's bright and open  
Even with the darkness  
You're always holding

Hey, there's nothing left to say  
The words have flown away  
And left us here just staring  
Hi, i'm looking in your eyes  
And suddenly the skies  
Are opening around me  
You have found me

You will be the light  
Here when I need you  
Any day or night  
I will always be near you  
You can see my heart  
It's bright and open  
Even with the darkness  
I'm always holding

Hey, there's nothing left to say  
The words have flown away  
And left us here just staring  
Hi, i'm looking in your eyes  
And suddenly the skies  
Are opening around me  
You have found me

I will be the light  
Here when you need me  
Any day or night  
I will love you completely
